The key for SUMLEV is as follows:
    040 = State and/or Statistical Equivalent

The key for REGION is as follows:
    1 = Northeast
    2 = Midwest
    3 = South
    4 = West

The key for DIVISION is as follows:
    1 = New England
    2 = Middle Atlantic
    3 = East North Central

4 = West North Central
          5 = South Atlantic
          6 = East South Central

AGE is single year of age (0, 1, 2, … 84, 85+ years).

Notes: The estimates are based on the 2010 Census and were created without incorporation or consideration of the 2020 Census results. The estimates add births to, subtract deaths from, and add net migration to the enumerated resident population from the 2010 Census. The enumerated resident population is the total population (citizen and noncitizen) with usual residence in the 50 states and the District of Columbia. See https://www.census.gov/glossary/#term_Apportionmentpopulation and https://www.census.gov/glossary/#term_Residentpopulation. The estimates reflect changes to the April 1, 2010 population due to the Count Question Resolution program and geographic program revisions. See Geographic Terms and Definitions at https://www.census.gov/programs-surveys/popest/guidance-geographies/terms-and-definitions.html for a list of the states that are included in each region and division. All geographic boundaries for the 2020 population estimates series are as of January 1, 2020. For population estimates methodology statements, see https://www.census.gov/programs-surveys/popest/technical-documentation/methodology.html.

Hispanic origin is considered an ethnicity, not a race. Hispanics may be of any race. Responses of "Some Other Race" from the 2010 Census are modified. This results in differences between the population for specific race categories shown for the 2010 Census population in this file versus those in the original 2010 Census data. For more information, see https://www2.census.gov/programs-surveys/popest/technical-documentation/methodology/modified-race-summary-file-method/mrsf2010.pdf.

In July 2021, estimates as of April 1, 2020 were appended to this file. No changes were made to the data originally released in June 2021.
